3 jobs your SALES CALL can't do

SWIPE →

THE PROBLEM

One 30-minute call

has to earn trust, prove your method and close.

30 MIN

- Earn trust
- Prove your method
- Close

That's **three jobs** for one slot.

JOB 1

Earn trust.

Where it belongs

A live session with a whole room.

Why this works

The buyer hears the problem named before anyone sells.

JOB 2

Prove it.

Where it belongs

The Method and proof part of the session.

The test

Could they explain your method to a colleague after it?

JOB 3

Close.

Where it belongs

The call.

Now it has one job.

THE SESSION ORDER

Five parts, in order

1. Promise
2. Problem
3. Method and proof
4. **Invitation**
5. Q&A

The offer comes once, never before section 7 of ten.

WHAT THE ROOM DOES

Sales calls

5.8

per 100 people live

Across one client's 11 webinars (derived).

Give the call one job.

Let the session do the other two.
