

Your funnel before AI

Your funnel after AI

BEFORE AI:

A cold blast to a bought list.

AFTER AI:

A merge-field invite in each buyer's calendar.

- You choose the market.

BEFORE AI:

A page started from a blank document.

AFTER AI:

Nine blocks drafted from a real example.

• You approve every line.

BEFORE AI:

Reminders when someone remembers.

AFTER AI:

Every reminder goes out on schedule.

- You write the promise.

BEFORE AI:

One 30-minute call does everything.

AFTER AI:

A session earns trust with a room, then the call closes.

- You run the room.

BEFORE AI:

Follow-up from memory.

AFTER AI:

12 stages with a clock on each, and a no-show SMS within 5 minutes.

• You take the call.

BEFORE AI:

Guesswork.

AFTER AI:

One number and one change a week.

- You pick the change.

AI does the volume.

People make the calls.

"Cut down your Ops time by 75%"
